

## MRS. JOHN A. LOGAN APPEALS FOR DEFEAT OF WOODROW WILSON

WIDOW OF BRILLIANT ILLINOIS  
GENERAL ASKS SUPPORT  
FOR HUGHES.

### MOST IMPORTANT SINCE LINCOLN

Democrats Are President Wilson's  
Most Severe Critics, Says Wife  
of Civil War Hero.

Chicago, Nov. 4.—In the trying days which marked the opening of the Civil War there was no doubt as to where John Logan stood. He was a democratic member of congress and resigned his seat to take his place in the fighting line. Today the widow of the brilliant Illinois general is endeavoring to perform the same patriotic service now that he performed then. Mrs. John A. Logan has addressed an appeal to the people of Illinois which is an appeal to the entire nation to support Charles E. Hughes. She characterizes the election which will be held next Tuesday as the most important since that which elected Abraham Lincoln in 1860. Mrs. Logan is ill but like the soldier's wife that she is, has ignored her illness in order to perform what she considers her duty. Mrs. Logan's appeal to the people of Illinois is as follows:

Eagle Lodge,  
Washington, D. C.,  
October 31, 1916.

To the Loyal Men and Women of Illinois,  
Greeting:

Do you realize that this is the most important election since that of Lincoln and Hamlin in 1860?

Do you realize that the re-election of Wilson and Marshall and a continuance of the policies of the present administration and the democratic party in state and national affairs must be disastrous to the United States government and to the people of the American nation? This is forecast by the condition of the political affairs in our whole country.

Also, have you appreciated the enormity of the action of President Wilson, in attaching a postscript to a note approved by his cabinet in regard to the Lusitania case? The note agreed upon asserted that no word or act to hold the German government to strict accountability would be omitted. The postscript assured Germany that the note must not be taken too seriously but was deemed expedient to satisfy the American people.

Are you aware that Mr. Wilson's most severe critics are distinguished men of his own party, such as Hon. Hannis Taylor, American minister to Spain under Mr. Cleveland, who condemns him in stronger words than any republican opponent would think of employing and anathematizing as a dictator and as the author of "The New Tyranny," in which he calls the presidency "The Real Throne of Administration."

Can you forgive the democratic party and this administration for their failure to redeem a single promise made in the democratic platform upon which Mr. Wilson was nominated and elected? The high cost of living has been quadrupled. The government has not increased the salaries and wages of a single public servant, to enable these servants to meet the exorbitant demands for the mere necessities of life.

Has not this administration persecuted corporations and managers of private business enterprises who are the only heads of organizations who have advanced salaries and wages?

Has not the policy of the government so crippled these public spirited men and corporations that they have found it difficult to continue their industries which give employment to thousands of men?

Has not the insincerity of the president and the majority in congress been manifest by the passage of the Adamson bill, which provided that it should not go into effect until January, 1917? If they had not known that it was impractical and would eventually fail, why did they not make it effective at once?

Do you know that Mr. Wilson declined at first to attend the Memorial Day exercises at Arlington, May 30, 1913, the first to occur after his inauguration?

## LOUIS EMMERSON

Louis L. Emmerson, candidate for Secretary of State on the Republican ticket, was born in Albion, Edwards county Illinois, December 27, 1863. After passing through high school he moved to Mt. Vernon, Ill., in 1887, where he entered the mercantile business. He was successful and organized the Third National bank of Mt. Vernon, of which he is now president. Politically, Mr. Emmerson has been chairman of the Republican County Central committee of Jefferson county for the last twelve years and has been several times chairman of the Congressional committee of the Twenty-third district. For the last six years he has been a member of the Republican State Central committee. He also has served as a member of the State Board of Equalization and on the Board of Commissioners of the Southern Illinois penitentiary. Mr. Emmerson is a member of the Masonic order, having received the thirty-third degree, the highest conferred. He also belongs to the following societies: Knights of Pythias, Redmen, Woodmen, Elks, and the Loyal Order of Moose.

## CONGRESSMAN IN GREAT SPEECH AT COMPTON LAST EVE.

MCKENZIE DELIVERED MASTER-  
FUL ADDRESS AT MASS MEET-  
ING IN COMPTON.

### CAMPAIGN ISSUES DISCUSSED

Several Lee County Speakers Also  
Talked to Compton People—Meeting  
Very Large.

Over 500 persons attended the republican rally at Compton last evening. The hall was filled to capacity and the crowd listened attentively to some splendid speeches.

Congressman John C. McKenzie, whose speech was the feature of the evening, made what is termed the best political talk made in Compton in many years. His eloquence, logic, earnestness and wit combined to make a wonderfully instructive and entertaining talk. Mr. McKenzie dealt with every possible phase of the political situation as it is today and demonstrated very conclusively that Mr. Wilson should not be returned to the presidency and that Mr. Hughes and the republican party should be put back in power at Washington.

### Webber Opened Meeting.

The meeting was opened by W. W. Webber, precinct committeeman at Compton. Mr. Webber introduced County Chairman Harry Warner who presided during the evening. A quintette composed of Messrs. Thompson, Downing, Roe, Hofer and Lennon sang several appropriate campaign songs and received very enthusiastic applause. John H. Byers, States Attorney Harry Edwards, Judge Samuel Whetston and Circuit Clerk E. S. Rosecrans were introduced in turn and made brief remarks. Chairman Warner also drove home a few facts concerning the issues of the present campaign.

### HAD OPERATION.

Miss Ruth Jacobson, daughter of Mr. and Mrs. L. E. Jacobson of this city, is recovering nicely from an operation for the removal of her tonsils to which she submitted Thursday.

## STATE REPUBLICAN BY 150,000 SAYS CHAIRMAN STERLING

HEAD OF STATE COMMITTEE HAS  
FIGURES BASED ON CARE-  
FUL CANVASS.

### LOWDEN WILL LEAD THE TICKET

Chairman Sterling Says This is Surely  
a Republican Year in the  
State of Illinois.

Chicago, Nov. 4.—"Hughes and Lowden will carry Illinois by 150,000 plurality next Tuesday." This is the emphatic prediction regarding the result of the November election by Fred E. Sterling, chairman of the Republican State committee. "My estimate," continued Chairman Sterling, "is based on careful polls of the men and women voters by downstate and Cook county organizations. Every effort was made by the canvassers to obtain accurate figures on which to base their estimates. Unusual conditions prevailed this year on account of there being so many first voters to be considered in the national election for the women must be regarded as first voters, this being the first presidential election at which they have been permitted to vote in Illinois. It will, therefore, be interesting to give a resume of the presidential vote for the last four elections with the majorities for the winning candidates.

1900—McKinley, 597,935; Bryan, 503,061; McKinley's plurality 92,874.

1914—Roosevelt 632,545; Parker, 327,606; Roosevelt's plurality 304,939.

1908—Taft 629,932; Bryan 450,810; Taft's plurality 179,122.

1912—Taft, 258,593; Roosevelt, 386,478; Wilson, 405,048; Wilson's plurality 18,570.

At the last four presidential elections the average male vote has been 1,127,456. Add to this the approximate woman's vote of 700,000, the total vote on the presidency in Illinois should be 1,800,000. In two normal elections the republican vote averaged 53 per cent of the total vote. If past voting conditions hold good next Tuesday as our polls indicate they will, there should be approximately 583,000 male votes for Mr. Hughes and 371,000 women votes, giving him a total of 954,000 votes in the state. In two elections, when democratic conditions were apparently normal, the vote for the democratic candidate was 44 per cent of the total vote. On this basis Wilson should receive 484,000 male votes and 308,000 women votes or a total of 792,000 votes. This would give Hughes a plurality of 162,000 votes. The remaining 3 per cent of votes is usually scattered among the other party candidates.

Our polls indicate that Lowden will run ahead of Hughes but even on the foregoing basis his plurality over Dunne would be 98,000, as women cannot vote for governor. I anticipate, however, that Lowden's plurality will be in the neighborhood of 150,000. He and the entire state ticket will be elected. I think we will gain three congressmen and we will have a safe working majority in both houses of the legislature. This is surely a republican year in Illinois.

## CHICAGO DAILY NEWS ENDORSED LOWDEN

BIG INDEPENDENT DAILY RE-  
COMMENDS ELECTION OF  
G. O. P. MAN.

(Special to Telegraph)

Chicago, Nov. 4.—The Chicago Daily News, independent in politics, which has a circulation of 432,640, today editorially endorsed Frank O. Lowden, Republican candidate for Governor, and recommended his support as follows:

"Mr. Lowden has every incentive to carry out his excellent pledges. He has nothing to gain for occupancy of the Governor's chair except reputation, and reputation is to be had only from effective service on behalf of the people such as Mr. Lowden has promised to give. The Daily News, therefore, commends the candidacy of Mr. Lowden to independent voters."

Mr. and Mrs. Bradford Brinton are in Chicago.

### ANOTHER SATURNALIA.

In his opening campaign speech Governor Dunne said: "The present administration has been economical. It has watched the expenditure of every cent of the public money."

No one questions that the present administration has watched the expenditure of the public moneys. It has done little else, and has been a free spender. If the expenditure of \$29,000,000 was a saturnalia, as described by Governor Dunne in 1912, what is the expenditure of \$45,000,000?

## G.O.P. CAMPAIGN TO CLOSE WITH PAGEANT

PARADE ARRANGED BY REPUBLICAN WOMEN FOR TONIGHT  
TO BE FEATURE.

### SHANNAHAN SPEAKS AT AMBOY

Speaker of Illinois House, Native of  
Lee County, to Address Big  
Meeting There.

Fair weather has been promised for the great republican women's parade and meeting at the People's church this evening, which will close the campaign in this city, and it is expected the affair will be the biggest thing of its kind in the history of recent presidential elections. Hundreds of automobiles with republican voters will be in line and many of them will be elaborately decorated.

The parade will form at 6:30 on Ottawa avenue between Second and Third streets and will move off at 7 o'clock with music by the Chamber of Commerce band, the Little German band and Capt. S. W. Cushing, bugler.

### Tops to Be Down.

The committee in charge of the parade asks that the tops of all cars be kept down to prevent fires. Between 200 and 300 pounds of red fire will be used in the parade and over 100 of the old kerosene torches will be carried. All republicans, male and female, are asked to participate in the parade. Whether you have a car or not, report at the court house and you will find a place awaiting you.

## FRIENDSHIP LODGE CELEBRATES MONDAY

SEVENTY-FIFTH ANNIVERSARY  
OF ORGANIZATION TO BE  
COMMEMORATED.

### GRAND MASTER WHEELER COMING

Monday evening, Nov. 6, at its hall in this city, Friendship lodge No. 1, A. F. & A. M., will celebrate its 75th anniversary.

Brother Ralph H. Wheeler of Chicago, Most Worshipful Grand Master of Masons of Illinois, will preside and will be assisted by other Grand Lodge officers in conferring the sublime degree.

After the conferring of the degree the brethren will repair to Rosbrook hall where a banquet will be served by the ladies of the Order of the Eastern Star at 10:30, after which a brief and interesting sketch of the origin and growth of Friendship lodge No. 7 will be given by a member thereof, as well as other toasts by prominent Masons.

Every Free and Accepted Mason in the city of Dixon is cordially invited and urged to be present on this memorable occasion.

### DANCE THIS EVENING

The Shoemakers' Pleasure club will give the regular week-end dance in Rosbrook hall this evening. The Marquette orchestra will furnish the music.

## DOCUMENTS PROVE DELAY IN ACTION ON CATTLE PLAGUE

PROCRUSTINATION OF THE DEMOCRATIC STATE ADMINISTRATION AT START.

### FOOT AND MOUTH COST MILLIONS

Eleven Days Elapsed After Dunne Was Notified of Start of Plague Before He Took Action.

Chicago, Nov. 4.—Fred E. Sterling, chairman of the republican State committee, today submitted documentary proof that Gov. Dunne's Board of State Livestock commissioners was given full and complete notice on October 16, 1914, that foot and mouth disease existed in Michigan and that no action was taken by the Dunne officials until Oct. 28th, 1914, the plague spreading in the meantime. Mr. Sterling's proof is in addition to the facts submitted by Col. Frank O. Lowden a few weeks ago on the same matter.

"I have in my possession," said Mr. Sterling, "a statement issued by the democratic state headquarters a few days ago in which Gov. Dunne has the following to say respecting the foot and mouth outbreak in Illinois: 'This little known disease, of which few veterinarians in this country had ever seen a case, came among us undetected and had gained a foothold in many states before its presence was known to any veterinarian.'"

"Governor Dunne when he made that statement must have known it was not true," continued Mr. Sterling. "A fortnight ago Col. Lowden producing a telegram from Niles, Michigan, to Dr. Dyson, Dunne's state veterinarian, dated Oct. 16th, 1914, proving that Dr. Dyson was officially notified. I can add to that proof now. Here is a copy of a letter sent by the Chicago Livestock Commissioners, which reads:

"Chicago, Oct. 16, 1914.

Gentlemen:  
Dr. Bennett of the Bureau of Animal Industry located at the yards has just informed me that there is an outbreak of foot and mouth disease in Northern Indiana and Southern Michigan. Further questioning elicited no greater information than he had a meagre telegram from Dr. Noorgard containing this information.

Very respectfully,

The Chicago Livestock Exchange.  
"In its issue of October 16, 1914, the Drover's Journal, a well known livestock daily newspaper, published at the Union Stock Yards, Chicago, published an article headed as follows: 'Plague of Foot and Mouth Discovered,' detailing in its contents that the disease seemed to center around Niles, Michigan, that the federal authorities had taken charge and had sent to the scene Dr. Houck, federal field inspector.

"In its issue of October 27, eleven days later, the Drover's Journal published a Springfield dispatch as follows: 'Governor Dunne today, following a conference with the State Board of Livestock Commissioners, issued a

## THREE HUNDRED LOST WHEN SHIPS COLLIDE

IRISH CHANNEL SCENE OF TRAGEDY THIS MORNING—BOTH SHIPS SANK.

(Associated Press)

London, Nov. 4.—The London-Northwestern Railway Co.'s steamship Connemara, bound from Greenore to Holy Head with passengers, collided with the steamship Retriever in the Irish Channel and both ships sank. It is believed 300 lives were lost. One survivor was rescued and a few bodies were washed ashore on the County Down coast. It is not known if any Americans were aboard either ship.

The Connemara was 1160 tons gross and 272 feet long. The Retriever was 674 tons gross and 190 feet long. The marine superintendent of the company said as far as he knew there were only 50 passengers on the Connemara and a crew of 31.

Mr. and Mrs. Rorer and Mrs. Dyson have returned from Chicago.

## LEN SMALL

Len Small, Republican candidate for state treasurer, filed that office twelve years ago and is well known to the voters of Illinois. His home is in Kankakee, where he has lived since early childhood. Mr. Small has for many years been identified with agriculture and banking, and is now the head of the largest bank in Kankakee. He also was president of the Illinois State Board of Agriculture until recently. In business Mr. Small is credited with being one of the most influential figures in Northeastern Illinois. He has studied dairying and live stock growing, and frequently is heard at farmers' conventions. Mr. Small has been a member of the state senate and in state and national campaigns has taken an important part. In Republican circles no man in Illinois is better known.

## LARGE NUMBER OF MEN AND WOMEN REGISTERED HERE

5841 MEN AND WOMEN ON REGISTRATION BOOKS IN DIXON TOWNSHIP.

### VERY LARGE VOTE EXPECTED

Registration Far Exceeds Big Wet and Dry Vote of Last Spring—Women Nearly Equal Men.

The registration on the various poll books of the seven precincts of Dixon township show that there will in all probability be a tremendous vote among the men and women of Dixon Tuesday. There is a total of 5841 men and women voters registered in Dixon. This number is considered exceptionally large. In Sterling there are but 5682 voters registered.

The total vote in Dixon at the wet and dry election last spring was 4828—2492 men and 2336 women.

### Many Women Registered.

Another feature of the big registration in Dixon is that of the 5841 voters registered here, the women come within 21 of totalling half that number. There are 2931 men and 2910 women registered.

The total and men and women's registration by precincts in Dixon is as follows:

Men	Women	Total
First Precinct—		
362	290	652
Second Precinct—

## A THREE MILLION DEFICIT IN STATE BY JULY 1, 1917

STATE TREASURER ANDREW RUSSEL MAKES STATEMENT ON FINANCES.

### DUNNE TAX RATE TOO LOW

In Order to Make Things Look Good as Possible Democrats Attempt to Cut Rate.

Chicago, Nov. 4.—A deficit of nearly \$3,000,000 will be found July 1, 1917, in the state's finances, according to State Treasurer Andrew Russell, in a carefully prepared statement concerning the state's finances Mr. Russell said yesterday:

"The Tax Commission, consisting of the governor, the auditor and the treasurer, meets once a year and fixes the state tax rate. The equalized valuation of the state as handed in by the board of equalization last December amounted to a little over \$2,500,000,000. On the call of Gov. Dunne, Auditor Brady and I met in the governor's office to fix this rate. I said: 'I suppose, Governor, we have come to discuss this rate and fix it. The governor said that he had met with Mr. Brady that morning and they had agreed on a 55-cent tax rate. This was in December, 1915. I objected because this would not bring in sufficient revenue to pay the appropriations made by the last legislature. But the governor said he and Mr. Brady had agreed upon a 55-cent rate and the auditor had the document all drawn up for our signatures. I refused to sign because I said it would not bring in sufficient revenue and I would not sign anything unless I knew it was correct. My contention was that the rate should have been higher to meet the obligations of the state. The figures as taken from the treasurer's books show that the deficiency April 10, 1917, will be \$2,533,532. This would indicate that the rate should have been 66-cents merely to meet the appropriations made by the last general assembly and without providing for any working balance in the state treasury.

"The revenue which the state will receive up to April 10, 1916, will be \$4,390,565.95.

"The disbursements required under the appropriations made by the last general assembly will be \$7,244,097.09.

"The deficiency on April 10, 1917, will be, therefore \$2,853,532.09, as stated.

"The funds from taxes begin to come into the state treasury on April 10, but the history of the state treasury has shown that no more taxes come in than are necessary to meet current bills as they fall due and that after April 10 and up to July 1 there is no larger fund in the treasury than before April 10th, after the receipt of the April taxes.

"The deficiency, therefore, on the first of July next, at the end of the fiscal year will not be less than \$2,853,532, and will probably be more. Moreover, the policy of the state has been to have a working balance of about \$2,000,000 in the state treasury on July 1st of each year to meet bills while the taxes and other funds are coming in. Some of the taxes come in late in July and some not until December. At the present time the democratic treasurer of Cook county is withholding more than three-quarters of a million dollars taxes due the state.

"If the tax rate had been made sufficient to meet the obligations of the state and preserve the working balance which has been found necessary in the conduct of the state's business 19 cents would have to be added to the 55-cent rate fixed by Gov. Dunne and Auditor Brady. With a tax rate of 55 cents there will be a deficit of \$2,853,532.

"The tax rate was made 55 cents by the governor and the state auditor to mislead the public. It was made for political purposes. A 74-cent rate should have been fixed and this would exceed the first tax imposed under Gov. Dunne's administration, which was the highest ever imposed in the history of this state.

"When the governor, state auditor and treasurer meet next month, as required by law, to fix the tax rate,

Dramatic Notes

PRINCESS THEATRE Did you ever plunge in the dense jungles of the Amazon and spend days of terror and sleepless nights with the fear of the jungle leopard and the terrible tiger and the lion hunting you? That is what the hero line of "The Jungle Flashlight" does in the big production at the Princess this evening. It is a story which holds your attention from the start.

There is another good drama and a splendid comedy on Saturday's program. The big attraction Sunday evening is "The Beckoning Trail," featuring J. Warren Kerrigan, one of the most realistic fighters ever staged before a camera, in which Kerrigan's opponent gets a little too rough and "Jack O' Hearts" receives a bad gash in the head. Of course it was an accident, but it made the picture all the more realistic.

DIXON OPERA HOUSE. At the Dixon opera house Perry J. Kelly will present Lella McIntyre and John Hyams, two of the most popular comedy stars on the American stage, in their new success "My Home Town Girl" with 40 people and their own symphony orchestra. The music is by Louis A. Hirsch and the book and lyrics by Frank M. Stammers.

The play itself is an everlasting combination of merit and appeal by the spirit of youth and abundance of pretty girls who have been picked for beauty and cleverness. Mr. Kelly has spared no expense for either scenery or costumes and the entire production and company comprise one of the most delightful theatrical organizations now on tour. Beside Mr. Hyams and Miss McIntyre the cast includes Eda von Luke, Maude Beatty, Doris Vernon, Dorothy Reich, Roy Purviance, Maurice Darcy and Geo. Hall.

CHICAGO THEATRE Edmund Kysier's capital captivates musical success, "The Blue Paradise," with Cecil Lean, which the Messrs. Shubert are now presenting at the Chicago Theatre, Chicago, entered upon its seventh capacity week last Saturday night. "The Blue Paradise" surpasses by far any musical show or light opera produced since the "Merry Widow." The music is catchy, the scenery is gorgeous and amazing, and the costumes, with their gay colors, are works of art. The all-star cast work well together and never before has such a conglomeration of beautiful girls been assembled upon one stage. The entire show is clean in dialogue and overflows with snappy lines.

A special Election Day Matinee will be given on Tuesday, Nov. 7th, in addition to the popular matinee on Wednesday. For the convenience of out-of-town patrons, the Chicago Theatre has established branch box-offices in all the large cities throughout the Central west, where tickets may be had at box-office prices without extra compensation.

LIBRARY OPEN SUNDAYS Beginning tomorrow, the Dixon Public Library will be open from 2 to 5 o'clock each Sunday afternoon, until April.

Licensed to Wed A marriage license has been issued to George W. Williams of Edmond, Pa., and Miss Nellie May Hoffman of Dixon.

Healo! Healo! Healo!

LOUIS W. LOESCHER Democratic Candidate for CORONER OF LEE COUNTY Dixon, Ill. General Election Nov. 7, 1916

A THREE MILLION DEFICIT IN STATE

(Continued from page 1) they will be required to add to the next state tax rate an amount sufficient to care for a deficiency of \$2,853,532 and to create the working balance on the first of July, 1917, which is necessary to make the state solvent. It is obvious that this will necessarily be the largest tax rate ever imposed for state purposes in the history of Illinois.

WAR SUMMARY

(Associated Press) Berlin, Nov. 4.—Germans repulsed attacks on the Somme front north west of Courcellette and Duende-court-Lesboeufs, while portions of the Russian's main position on the Naryuvka river southeast of Lemberg were taken by the Austro-Germans. Rocco Heights on the Hungarian-Romanian front have been occupied by the Roumanians. In the region of Predel the Austro-Germans recaptured positions from the Roumanians.

LEE CENTER WOMAN TO VOTE AT AGE 96

MRS. ABIGAIL L. HASKELL OF LEE CENTER WILL EXERCISE SUFFRAGE RIGHT.

Women who hesitate about taking advantage of their first opportunity to vote for president of the United States should follow the example of Mrs. Abigail L. Haskell of Lee Center, who will celebrate her 96th birthday Monday. Mrs. Haskell has registered as a voter and although unable to walk because of a fractured hip resulting from a fall about three years ago, she will be taken to the polls in her invalid chair and will vote the straight republican ticket. Mrs. Haskell is the widow of the late George E. Haskell, who was elected circuit clerk of Lee county in 1856 and she has resided in Lee Center since 1837 coming from New England with her parents when 17 years old and her many friends and neighbors in Lee Center will extend their congratulations when she appears at the polls Tuesday to cast her first vote. It is to be hoped that the women of the several younger generations will take the same interest in the welfare of their party as Mrs. Haskell who has witnessed the birth and development of the republican party.

LATIN ADVANCE NEARS TRIESTE

New Gain in Carso Plateau Is Reported.

PRISONERS NOW NEAR 8,000

Rome Claims That Austrian Losses by Thursday's Blow Are 15,000—Vienna Admits Few's Victory—Austrian Resistance Weak—Many Air Battles Take Place.

London, Nov. 4.—Following up his new offensive on the Carso plateau, south of Gorizia, General Cadorna made valuable fresh advances. The Italians are reported to have penetrated to within about twelve miles of Trieste, the objective of their smashing blows.

Nearly 8,000 Austrians Taken. Three thousand more prisoners have been added to the nearly 5,000 taken Thursday. A Rome dispatch says Thursday's operations alone, according to Italian estimates, cost the Austrians 15,000 in casualties and captured. The Twenty-first Austrian regiment and several battalions are said to have been wired out.

Hard fighting has taken place on and near the Adriatic coast below Montefalcone. An unconfirmed report has reached Rome that Duino, on the Venice-Trieste railroad line, has been occupied.

This seems likely, the official report stating that the Agnazzola coast has been invaded. The statement says: "Three thousand more prisoners, including one general, have been captured in the course of operations on the Carso plateau. One regiment surrendered. A large number of runs have been taken. The coast of Agnazzola has been invaded."

Austria Admits Loss. The Austrian war office admits the loss of Lokvica, on the northern part of the plateau. To the south, it is asserted, the Austrians hold their positions. The capture of 1,000 Italians is reported.

Dirigibles and aeroplanes have been active in the course of the renewed offensive. An Italian dirigible on Wednesday night bombed fortifications and warships in Selenio Bay, Island of Brazza, in the Adriatic.

Austrian planes on the same night raided points behind the Italian lines on the Carso. Success is claimed in attacks on Cervignano, San Giorgio di Nogaro, Piner, Grado and the Adria works near Montefalcone.

SISTER OF U-53 IS COMING

It Is Believed Fighting U-Boat Will Convey Deutschland.

New London, Conn., Nov. 4.—The German armed submarine U-57, sister ship of the U-53, which recently sank five vessels off the New England coast, is expected to act as a convoy for the undersea freighter Deutschland on its return trip to Germany, according to a statement by Captain Paul Koenig of the Deutschland, who added: "I would be surprised if the armored submarine appeared off the coast while I am in port. You can't tell what the government will do."

Rumors were circulated here of the presence of British and French cruisers off Block Island, No Man's Land and Nantucket Shoals, but there was no confirmation from reliable sources. Commander Yates Stirling, of the United States submarine base in the Thames River, placed no credence in the reports.

BRITAIN REVERSES ON MAILS

State Department Searches for Letter Admitting Its Involuntariness.

Washington, Nov. 4.—State department officials are searching for a memorandum dated September 23, 1915, sent by the British foreign office to the representatives in London of foreign nations. In this memorandum, Great Britain admitted the absolute involuntariness of letter mail and pledged itself scrupulously to observe the immunity of ship mail.

This admission and pledge were completely overlooked by the state department in its discussions with Great Britain relating to the unlawful seizure by the British authorities of American mails. The rediscovery of that position of England, now abandoned, although admittedly in violation of international law and of treaties, was made through the receipt here of the Dutch Orange book, which has just arrived in Washington.

HUGHES TALKS IN BROOKLYN

Republican Nominee Is Greeted by Large Audiences.

New York, Nov. 4.—Charles Evans Hughes told three big audiences in Brooklyn that he stood for "America supreme and sole" and declared that the people of the United States should take a lesson in fellowship and co-operation from Europe. Without such a lesson, he said, the United States cannot hope to cope commercially with Europe after the war.

New York gave the Republican nominee a rousing welcome home. He was met at the station by a crowd estimated at 25,000 persons.

REVIVAL SERVICES

Revival services, to be conducted by the Rev. R. N. Leatherman of Champaign, Ill., will open Sunday morning at the Brethren church.

MOTHER OF MRS. DEVINE IS DEAD

MRS. BRIDGET GUGERTY DIED AT HER HOME IN CHICAGO—BURIAL IN AMBOY.

Mrs. Bridget Gugerty, mother of Mrs. James Devine of Dixon and the grandmother of Hon. John P. Devine of this city, passed away at her home in Chicago last evening. The remains will be brought to Dixon this evening and taken to the James Devine home and Monday the funeral will be held in Amboy at 9 a. m. from St. Patrick's church. The remains will be taken to Amboy on the Illinois Central Monday morning.

Mrs. Gugerty had many friends in Dixon and Lee county and her death will be mourned by all. She was a woman of beautiful character and lived a long and useful life. She was 79 years of age.

Mrs. Gugerty is survived by four daughters, Mrs. Devine of Dixon, Margaret Gugerty and Mrs. Jane Oble of Chicago and Mrs. Aid Swift of Washington, Ia. Four sons also survive: William of Marion township; Edward of Chicago; Charles of Polo and Peter of Williams, Ia.

DRIVE INVADERS FROM ROUMANIA

Teutons Ousted at New Point on Border.

TWO POSITIONS ARE CAPTURED

Berlin Reports That Teutons Gain in Drive on Bucharest—Amsterdam Reports Tell of Large German Loot. French Are Near Village of Vaux, Paris Reports.

Bucharest, Nov. 4.—The Roumanians have driven the Austro-Germans across the frontier of Transylvania in the region of Table Butz, according to an official statement issued by the war office. In the Buzu valley they have captured Mount Sirul and Taurumio, while in the valley of the Jiu, they have driven the invaders further back, capturing four guns.

Berlin Reports Drive Gains. Berlin, Nov. 4.—Austro-German forces operating southwest of Predel and southeast of Rothenburg pass in the Roumanian theater have made a new advance, capturing 350 Roumanians, the war office reports.

Following is the text: "On the southern boundary of Transylvania Russo-Roumanian attacks were repulsed by our fire or in bayonet fighting. Southwest of Predel and southeast of Rothenburg pass we made an advance, following up the enemy, and captured more than 350 Roumanians."

Rich Booty Taken. Amsterdam, Nov. 4.—When Field Marshal von Mackensen's army took Constantia it captured 200,000 tons of petroleum, according to the Frankfurter Gazette, included in this amount were 40,000 tons which the allied nations had bought to avoid export into Germany before Roumania went into the war.

French Near Village of Vaux. Paris, Nov. 4.—The midnight official report says that on the right bank of the Meuse, after taking Fort Vaux, French infantry continued to advance as far as the village on the north, winning a footing on a hill dominating the village. The Germans made no counter attacks.

ERNEST CARTER DeKalb, Ill. Progressive Candidate for Representative in the General Assembly 35th District Integrity and Honesty Faithful Public Service Help to make a strong and efficient legislature by electing Ernest Carter at the Election, November 7th

Vote for John P. Devine Democratic Candidate for Representative in the General Assembly HIS OFFICIAL RECORD SHOWS That he was the first member of the General Assembly to demand that farmers and stockmen be compensated for losses by the foot and mouth disease. That he opposes the creation of new offices. That he opposes salary increases. That he voted against and refused to take the mileage grab. That he was in constant attendance during the session and actively participated in committee work, debate and voted on every important measure. That he has the experience, ability and aggressiveness to represent his district. THE LEGISLATIVE VOTERS' LEAGUE SAYS OF HIM: "He is ending his second term. An able, conscientious and aggressive legislator. Led floor fights against an increase in the number of downstate judges and judicial salary raises. He dislikes the merit system, but is one of the most valued members of the Assembly."

## DON'T FAIL TO VOTE FOR LOWDEN.

On next Tuesday the voters of Lee county, voters of all parties, will not fail to vote for Frank O. Lowden, the republican candidate for governor. Lee county will take pride in doing its full share toward making a great and overwhelming majority for the man who will restore business methods, efficiency in state government and efficient service to the people of Illinois in the capitol at Springfield. This part of the state is glad to be able to furnish Illinois with a chief executive who will supply such great and everlasting credit to the entire commonwealth.

The reasons why Gov. Dunne should be retired from office and why Col. Lowden should be elected have all been told. In fact, they are so apparent to any citizen of Illinois who takes even the slightest interest in governmental affairs that the telling of them was unnecessary. The only point that it is necessary for us to emphasize is there is nothing that counts on next Tuesday but VOTES. Your vote counts for just as much as any man's vote, and it is the vote of yourself, just like those of other men, that will elect Col. Lowden to the office which he so richly deserves and which needs him so badly. Let nothing prevent you from going to your polling place and voting for Colonel Lowden for Governor.

## THE WAR AFTER THE WAR.

Two years ago, in the congressional elections, the people of the United States repudiated the democratic administration. It has been tried and found wanting.

The democratic majority in the national House of Representatives was cut down fearfully. It would have been eliminated altogether had the anti-democratic forces been united as they are this year. The election returns of the year tell the story.

At that time the record of the administration had been made up. All of importance save the "kept us out of war" absurdity, the surrender to force in the matter of the Adamson bill, the preparedness legislation—then heartily opposed by the democratic party and its head—and some additional blunders in the matter of Mexico and other international affairs, had been accomplished. But the European nations had not begun to spend their money lavishly in buying supplies in this country for their war.

Normal democratic conditions existed here then. That is to say, business was depressed, industry languished, factories were closed, 3,000,000 men were out of employment, bread lines were in existence in every great city and the effect of democratic tariff legislation and methods of government were being felt.

We had the Underwood tariff law, which, it was promised would reduce the cost of living; we had the federal reserve law, we had the free trade commission, we had labor mediation and arbitration law, we had repealed free tolls in the Panama canal, we had the greater part of the list of democratic "achievements."

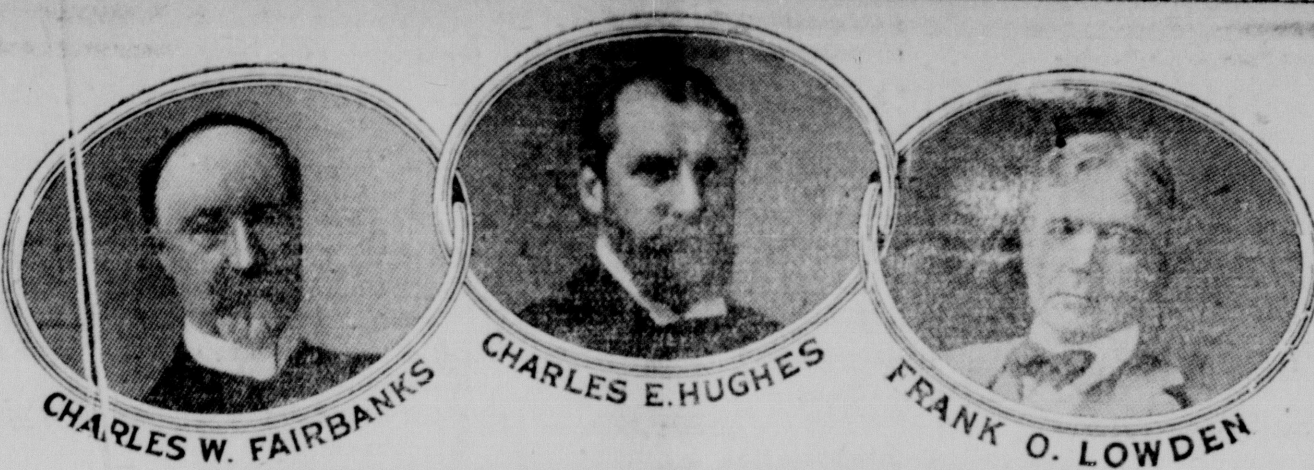

We had them and we did not like them. There was no talk then of 8-hour a day legislation. The problem of the working men was to get even as much as one hour a day's work.

In other words, the true test had been applied to democratic laws and democratic promises. Those laws and those promises had failed as all democratic laws and democratic promises had failed in the past.

Then came the war, and Europe dumped her gold into our laps to pay for the things she needed to carry on war and live while carrying it on. A golden flood swept over the industrial districts, and "war bric-a-brac" flourished.

Thinking men knew that it was but an abnormal and temporary prosperity, that Europe regards every dollar sent here as merely loaned and that Europe is grimly resolved to get it back—with interest—after the war. They know that when the great struggle across the water is over our present "war prosperity" will vanish and that we will be in a fierce and bitter fight to hold our own. They know that American industry and American agriculture will be buttressed and protected against foreign aggression.

And yet the people are seeking to continue in office an administration that could not even keep the country prosperous in peace times; that is opposed utterly to the theory of protection.

## "A THREEFOLD CORD CANNOT QUICKLY BE TORN ASUNDER"

Go to the polls Tuesday, men and women of Lee county, and vote for Charles Evans Hughes, who stands for the principles that will benefit you and yours.

## HUGHES AND LABOR.

Frequent reference has been made to the magnificent labor and humanitarian record of Charles E. Hughes on the Supreme Court. Below is a statement briefly, of facts concerning the achievements of Mr. Hughes in behalf of labor in the three and one-half years he was governor of New York:

1. Better and bigger labor department.
2. Shorter hours for children in industry.
3. Exclusion of children from dangerous employment.
4. A law fixing a legal limit of EIGHT HOURS A DAY for telegraph and telephone operators and signal men.
5. Regulation of employment agencies.
6. The first compulsory workmen's compensation act in the United States.
7. Establishment of public trade schools.
8. Schools in temporary labor camps.
9. Protection of immigrants against dishonest private bankers.
10. An eight hour day for minors within the state.
11. Limiting women's work to 60 hours a week.
12. Protecting immigrants against crooked steamship ticket agencies.
13. Making it a crime for railroad corporations to overwork their employees.

The above list is a small part of the 53 labor laws enacted in New York while Mr. Hughes was governor, being one-third of all the labor laws passed up to that time since the establishment of the state in 1777.

Election day comes next Tuesday. Don't be too proud to fight for your home, your job and your country by voting for Charles Evans Hughes for President of the United States. Fight for these principles among your friends.

Mexico has killed one Englishman, one German, no Frenchmen and no Japanese. Mexico has killed 500 Americans and 300 Chinese. Well, what of it? says the President. Oh, nothing at all.

The idea is advanced that perhaps the scarcity and high price of paper is caused by the voluminous use of that article in Washington, for notes.

Get out and see the parade of republican women in Dixon Saturday evening, starting at 7 o'clock. It will be good, we are confident of that.

All you have to do to make a democrat mad is say "Soup house." Why is it?

inauguration, March 4, 1913, and that it was through the persuasion of his personal friends, especially those who had ex-union soldiers in the Congressional districts, that he finally consented to appear? Very soon afterwards he promptly participated in the ceremonies attending the dedication exercises of the Confederate Monument in Arlington.

You may not know that it has been with the advice and consent of the president that the heads of departments, without causing a civil service pension to be passed, have discharged and demoted to the verge of starvation, the Union Veterans from the departments of government which they suffered so much to preserve.

Can you give your endorsement to the president's policy in Mexico, state veterinarian, it was not until which has been too appalling to consider calmly? It has been generally known from the press that one moment the country is assured that the president will not longer tolerate the

atrocities in Mexico of which Union soldiers and United States citizens, the men, women and children have been the victims and that the next moment the officers in command of our forces in Mexico have been forbidden to continue their vigilance and prohibited to do anything disagreeable to the Mexicans.

Basking under the sunlight of the favor of the president and his cabinet the Mexicans have attacked our troops and our American citizens in Mexico, making it almost impossible for the troops to defend themselves or protect those seeking their protection, and in a number of cases officers and soldiers have lost their lives.

When the reports of the surviving United States soldiers have been made of these engagements they have been discredited, while the misrepresentations of the Carranza officers and soldiers have been accepted as correct.

The Patriotic Societies of Washington, after reading Secretary Baker's utterances in a speech at Jersey City, October 16, 1916, in which he characterized the soldiers of Washington in 1776 and the soldiers of 1861 as being of the same character as those of the bandits in Mexico, that is, that they were "thieves, church looters and disreputable characters generally," waited for some days expecting that the president would reprimand Secretary Baker for this scurrilous attack on the soldiers of the Revolution and the Union soldiers of 1861. Not hearing from him nor receiving any explanation from Secretary Baker, they could not allow such an attack to go unchallenged, and unanimously adopted a condemnatory resolution. And still there is no apology on the part of Mr. Baker or any criticism on the part of the president of Mr. Baker's disloyal utterances.

I appeal to every loyal man and woman in Illinois to rally to the support of all republican nominees, to the end that Illinois may once more occupy the place which she once did in the galaxy of the great states in the American Union. Do not abandon your shibboleth for high moral standards in public men. Support our great standard bearers, Hughes and Fairbanks, against whom no charge of immorality, lack of ability, statesmanship and true Americanism has ever been made, for they fill almost

the highest position within the gift of the people and have discharged their duties with distinguished ability and credit to themselves and to their country.

MRS. JOHN A. LOGAN.

## DELAY IN ACTION ON CATTLE PLAGUE

(Continued from Page 1)

quarantine against counties in Indiana and Michigan in which foot and mouth disease existed among cattle.

This quarantine probably did not go into actual effect until the next day. That meant that after the Chicago Livestock Exchange had in a formal letter warned the Illinois authorities against the awful plague and after Dr. George W. Dunphy, Michigan's state veterinarian, had sent on the same date—October 16, 1914—a telegram to Dr. Dyson, Gov. Dunne's state veterinarian, it was not until October 27, or possibly the 28th, that Gov. Dunne really acted and effected a quarantine against outside infected animals.

"How do these facts, incontrovertible and convincing, measure with Gov. Dunne's declaration that the plague 'came among us undetected, the victims and that the next moment the officers in command of our states before its presence was known to any veterinarian?'"

"We know that the foot and mouth scourge cost the farmers of Illinois millions upon millions of dollars. The state government in combat that plague expended \$1,661,000 alone. We know now that both Gov. Dunne's livestock commissioners and his state veterinarian had positive information about the existence of the plague and procrastinated eleven days before they took a protective step. Meanwhile the disease gained a foothold in Illinois that meant a fearful loss to the farmers and the state at large."

# HAS HE KEPT US OUT OF WAR?

**"HE** kept us out of war" is offered by the Democratic Party as a statement of a supreme accomplishment. That slogan is false. To accept it without thought or reason is dangerous to the life of a nation.

For months we have been conducting a border war with Mexico. At Vera Cruz we demanded that our flag be saluted. The demand was refused. We landed troops; a battle followed. *We withdrew without the salute, bringing nineteen of our dead with us and leaving our honor behind; and to this day the salute demanded has not been fired.*

The weakness of Mexico, not the strength of the United States, is all that has prevented our act of war from being turned into the serious fact of war.

If the slaughter of American citizens--men, women and children--by armed troops, if the killing of American soldiers by the soldiers of another nation, if the sacking of our towns is not war, what is it?

The Judge Advocate General of our army says it is war. The Mexicans say it is war. Wilson's *acts* show it is war, but Wilson's *voice* says it is peace.

The truth is that it is more than war. It is war without honor and murder without reparation. *It is a condition that makes every true citizen ashamed of the spectacle we have become in the eyes of other nations.*

Wilson's course vitilized civil war in Mexico and border war with us. The vacillating and irresolute policy of the present administration has brought humiliation upon this nation, both at home and abroad.

We have been at war, we are now at war; many lives have been lost; our honor has been besmirched, and yet the Democratic Party cries to the nation, "He kept us out of war," "He has protected me and mine." The fact is that he has *neglected* our greatest treasures---the lives of our people and the honor of our country.

It is the world war in Europe, not the acts of the Wilson administration, which has kept us out of international complications that would have sorely tried our courage, and our strength.

*Just prior to the outbreak of the war there was forming a combination of European nations to demand of us that we stop the disorder in Mexico, to demand protection of the lives and vast property of European citizens in Mexico, to declare that these European nations would give protection by force of arms if we did not.*

What would that have meant? It would have meant that we must adopt a determined policy to enforce order in Mexico, which was the only duty consistent with the stewardship which we assumed under the Monroe Doctrine; or it would have meant war or the surrender of the Monroe Doctrine.

It was the accident of war in Europe which then prevented retribution for the policies of the administration in Mexico.

*When the war is over those nations will again press their claims and we will face the consequences of the Wilson policy of watchful waiting*

Have we sunk so low that we can approve such a policy? Have we become so morally flabby that we will tolerate its continuance?

This administration has created war. It has created causes for future serious international friction.

*Notes and words and shades of meaning born of rhetoric rather than straightforward patriotic sincerity, have marked the course of our relations with foreign nations.*

Force of character, a fair and honorable course, would have closed the debate which facility of language kept open. Force of character would have stopped murder on the high sea.

Does the low estate into which we have fallen among nations make a foundation upon which to build prestige for this country or safety and moral stamina for our children?

It is our tradition to honorably **keep out of** war but not to spinelessly **creep into** war.

Mr. Wilson has not kept us out of war. Mr. Wilson has put us into war.

*Mr. Wilson is making war upon the moral fiber of this nation.*

**"A NATION WHICH DOES NOT PROTECT ITS OWN CITIZENS HAS ALREADY BEGUN TO DIE."**

## PILED UP RICHES SHOULD BE TAXED

Unworkable Tax Laws of Illinois  
Enable Holders of Accumulated Wealth to Escape Taxes Which Others Must Pay.

### TAX AMENDMENT IS NEEDED

Other Great States Have Changed From the Old Systems To Plans Which the Pending Amendment Will Make Possible in Illinois.

It is generally felt that the proposed Tax Amendment law that the people of Illinois will vote on at the November election will be passed with the unanimous expression of the voters of the state, says the Waukegan Sun. It is a known fact that the tax laws of Illinois have long been obsolete. This state has stood back while other states have forged to the front in the matter of revising their arrangements on taxing property, personal and real estate. To date the real estate of Illinois has gone to the front of taxation. Personal property has escaped in a manner which is shameful and which has forced the burden of taxation on the common people. Under the proposed tax amendment the laws will be so changed that the taxing bodies will be placed in a position to go after the personal property of wealthy residents of the state and they will be made to share the burden of taxation. As it now is, fortune upon fortune has escaped any taxation whatever, while the visible property, the real estate, is forced to carry the heavy expenses of the state. The injustice of such a taxation should have appealed to the people of Illinois long ago, and therefore voters seize the opportunity by which they will be able to equalize the burden of taxation. Several neighboring states long ago have adopted a change in taxation by which burden has been equalized and as a result nobody has suffered. Under the proposed change in Illinois, only the rich will be hit and in a way the burden which has been carried on by real estate holdings will be alleviated to a great extent.

This paper is most heartily in favor of the proposed tax amendment law and from what we have been able to learn, it will in no way be a burden on the ordinary people, but will be a step toward making the rich come to and pay their just share of running Illinois.

## OUR REVENUE SYSTEM OUTGROWN AND BAD

B. A. Eckhart Points Out that it is like the Cradle, Sickle and Flail in Farming.

"The restriction of the constitution of 1818 are entirely unsuited to the present financial, industrial and economic conditions of the state of Illinois," said Mr. B. A. Eckhart, chairman, speaking at the Tax Amendment Campaign Committee meeting at the Press Club, Chicago, October 5. "The farmers of the agricultural portion of our state," Mr. Eckhart continued, "have adopted modern methods of producing agricultural products; they have long ago abandoned the harvesting of their grain with sickles or cradles and thrashing with the flail. In place of these antiquated implements they are using the very latest self-propelling harvesting machines and the steam-propelled thrashing machine. Our old-fashioned revenue law is no more adaptable to our modern conditions than the sickles, cradles and flail would be to our agricultural condition of today."

Chairman Eckhart declared, with great emphasis, that the pending Amendment is one of the most important matters ever placed on the small ballot in this state. He said "no state or nation can exist without an adequate and effective system of taxation that will not only produce sufficient revenue with which to administer the affairs of the state or nation, but it must do so in a manner so just as to satisfy the majority of the taxpayers. Nearly every state in the union has been confronted with the difficult question of proper taxation. Many states have enacted laws enabling classification of personal property where all of the people are fully alive to the importance of securing the adoption of the amendment."

Mr. Frank L. Shepard spoke at length, detailing the legal aspects and bearings of the proposed Amendment and pointing out that the present constitutional provision for uniform taxation was not only just but practicable. He said that it was necessary, in order to establish justice and to produce proper revenue that the Amendment be adopted. Mr. Clarence S. Darrow explained that under any and all circumstances the collection of a just and equitable tax is exceedingly difficult, adding that under the uniform tax requirement provision of the Illinois constitution it is not only difficult but practically impossible.

## FARMERS' LOSS BIG

Dunne's Live Stock Board Goes Into Beef-Selling Trade.

In Spite of Legal Barriers, Democratic Live Stock Board Insists on Selling Certain Beef Carcasses—Loss to Farmers Results.

That the farmers of Illinois have lost many thousands of dollars by reason of the arbitrary action of Gov. Dunne's State Board of Live Stock Commissioners has been rumored from time to time during the last three years. Evidence is herewith presented corroborating these rumors, substantiating reports, showing gross mismanagement—if not worse—by the Democratic Live Stock Board.

The ensuing statement, demonstrating that farmers have been the losers through insufficient prices for the carcasses of "suspected" cattle which finally passed as O. K. by state and federal inspectors, comes from some of the best known and most highly reputed live stock commission men at the Chicago yards. Their statement can be relied upon. It follows:

### Old System Was Best.

"About twenty-two years ago a system of detection, detention and slaughter of all cattle suspected of being unfit for human food arriving at Chicago was established and all carcasses upon rigid post-mortem examination made by Federal and State Veterinarians, and by them declared suitable for human food were returned to the owner or person from whom said animals were taken and those showing evidence of disease upon post-mortem were destroyed and converted into grease and fertilizer. This system operated for over twenty years to the great benefit of producers of the State of Illinois and sister States and likewise protected the consuming public against diseased meat."

"Governor Dunne's appointees upon the State Board of Live Stock Commissioners, having no regard for the welfare of producers and shippers of cattle, step by step broke down this advantageous arrangement and during the past two years have refused to return to the owners the carcasses of cattle held for post-mortem examination where declared suitable for human food, but to the contrary are selling such carcasses deducting from the sale sums of money to pay office rent, salaries of clerks, stenographers, lawyers, advertising, meals, telephone, postage, etc., for the use of the Commissioners and then returning the balance to the owners or persons from whom the animals were taken to the great disadvantage and monetary loss of such owners. Why?

"What Farmers Are Losing. "In 1913-1914, when the owners and their agents sold the carcasses, the difference between the value of healthy droves from which the suspect cattle were taken and the suspect animal was \$10.56 and in 1915, when the State Board sold the animal the difference between the value of healthy droves from which the suspect cattle were taken and the suspect cattle was \$16.15. This difference makes a loss to the owners of \$5.59."

"After the State Board had repeatedly refused to return these carcasses to the owners an appeal was made in the name of one commission company to the circuit court of Cook County for an injunction, and on July 7, 1916, Judge Baldwin issued an order restraining the State Board from disposing of such carcasses and ordered their return to the owners under the law which clearly stipulates that where demand is made, that the carcasses shall be returned to the owner or person from whom the animal was taken."

"Did the State Board recognize the principle and observe the spirit of the restraining order? No. They refused to return the carcasses of cattle taken from the other one hundred commission companies doing business at Chicago, and upon the advice given by Attorney General Lucey, the Governor, on August 16, instructed that the injunction suit against the State Board be resisted and all attempts to recover the cattle of other owners are unavailing. Why?

"Butterfat Shrinks, Too. "The owners formerly obtained 25 to 35 pounds of butterfat from each carcass. This fat gradually reduced in quantity under State Board control from 25 pounds until now the State Board makes returns to the owners for about six pounds of butterfat per head. Butterfat is worth over \$7 per cwt."

"The carcasses returned to owners under the court's restraining order are sold in the same packing house by such owners or agents on the same days that sales of the other cattle are made by the State Board, and since July 7, 1916, such owners are obtaining \$6 per head more than the State Board are returning to the other owners not protected by the court's restraining order."

"Continued efforts are being made to broaden the court's order to cover all cattle held for post-mortem but such efforts are being resisted strenuously by the Governor and the Attorney General of the State of Illinois. Why?

"The law clearly defines that the State Board shall return to the owner or person from whom the animal is taken, but the State Board, with the advice of the Governor and Attorney General, defy the owner, and violate the law. Why?

"The answers are very evident."

### ROCHELLE

Rochelle, Nov. 1—"The Wishing Ring" company closed a two-night engagement at the Majestic theatre here, last night, amid thunder and applause. Considering the fact that there were 130 people in the cast the play was one of the best ever rendered in this city. Several soloists, and choruses interspersed through the play with Mrs. Ben L. Berve (Mistress Mary), Fred Garber (Tom, the Piper's Son), Miss Olive Menz (Moonbeam), Miss Marion Kahler (Bo-Peep), Nels Berve (Knave of Hearts), and Mrs. Herman Wimmer (Mrs. Jack Spratt) in the leading roles. George Unger as Simple Simon; Louise Brundage as Marjorie Daw, and Mrs. Wimmer as Mrs. Spratt, furnished much wholesome humor. Fred Pelek was responsible for many laughs with his antics as Geraldine, a pet mule.

The play opens with Jean and Alan, played by Edna Stegmair and Kenneth Valentine, indignant because their mother (Mrs. Geo. Unger, Jr.) will not allow them to stay up for her party. They wish they were in a Story-Book Land as pictured in a new book of that name. In their dreams their wish is granted and they are escorted to Story Land by Moon Beam, the Dream Fairy. However, they find that everything is not as ideal as anticipated. They meet many strange people and after several strange adventures they are overjoyed to return to real life.

The first act closes with the stage filled with small children. The little girls make a beautiful picture in their singing of the song of snow drops.

Near the close of the second act a number of prominent married women are introduced in a suffrage drill which is well executed. Chas. Kepner as Mr. Spratt heads the procession carrying a banner, "Vote for Women," while Mrs. Pumpkin Eater (Mrs. Spaulding), delivers a suffrage address.

Mrs. T. G. Southworth acted as pianist.

Rochelle, Oct. 31—Dexter Stocking, one of Lindenwood's distinguished citizens, who has been managing the large and growing business of Dexter Stocking & Co., has disposed of his interest in the business to his partners, Thad M. Graves of Belvidere, and Elmer Holmes of this city. Messrs. Graves and Holmes will continue the business. The firm have been selling the Jeffery, Paige, Chevrolet, Chandler and Stephens automobiles. They also handle a large line of automobile accessories and supplies and run one of the largest garages in the city.

Mr. and Mrs. W. D. Wagner at Laporte City, Iowa.

Frank Malone and George Goven are opening up a meat market in the Baxter building on Cherry avenue recently vacated by Harrison & Son. Walter McGinnis and Paul W. Rosenberg of Chicago spent the week-end with Rochelle relatives.

W. J. Furlong, Jr., spent Tuesday in Chicago.

William W. May, who was recently mustered out of Battery C, Illinois Volunteer Field Artillery at Fort Sheridan, spent Sunday with his mother, Mrs. Ida May. He resumed his position as an assistant department manager for Montgomery, Ward & Co., today.

Rochelle, Oct. 31—Through an error in the booking arrangements John R. Golden, prohibition candidate for governor, failed to appear at Rochelle for an address at 10 o'clock, Monday morning. Mr. Golden was booked for Polo for an afternoon address and the Rochelle and Polo dates were confused. John E. Countryman made the announcement to the people who gathered at the Lincoln highway and Cherry avenue square for the speaking and made a brief address on the issues of the day.

Mrs. Clara V. Braiden has returned from Washington, D. C., where she was called by the severe illness of her daughter Marion. Miss Braiden, who is attending a fashionable girls school, was suffering from a severe case of chicken pox.

Mrs. E. B. McKeever of Moline, has been spending the week with her sister, Mrs. S. D. Parkhurst. Mrs. Louisa Stafford of Brandon, Ia., has also been visiting her daughter, Mrs. Parkhurst.

### PENNSYLVANIA CORNERS

Miss Inez Dockery is spending the week-end with her sister, Mrs. Lee Rink of Nachusa.

Mrs. D. F. Seyster was a recent visitor with friends at Palmyra.

Mrs. Frank Dockery and Mrs. J. F. Bovey were entertained at the John Rink home in Nachusa Tuesday of this week.

Miss Marjorie and Ralph Stuff enjoyed a Halloween party with some friends Wednesday evening; a fine time is reported.

Mr. and Mrs. John Himes of Pine Creek were Wednesday business callers at Oregon.

John McKenna of Palmyra was a Thursday caller here.

The Ladies Aid Society was very well attended Wednesday. Misses Ethel Seyster and Mildred Powell served an elaborate lunch at noon, which was much appreciated by all.

Mr. and Mrs. O. L. Price returned Tuesday to their home at Freeport, after several days spent here with friends.

W. W. Gigous and family attended the Halloween social at Woodstock Tuesday evening; for information as to the pranks played on them enquire of Mr. Gigous and Will Engel. Everybody enjoyed the fun.

The Loyal Links, a Sunday School class, will be entertained Friday night by their teacher, Jacob Dockery and wife.

Wm. Bovey is passing the week with his son, Roy and family, of Nachusa, and incidentally helping with the corn shucking.

J. H. Ambrose spent Wednesday with Dixon merchants, getting winter supplies.

Mrs. S. B. Nettz is very much indisposed; also Mrs. George Dimick is not recuperating as fast as her family would like to have her. Dr. Dr. Trowbridge of Dixon was called very recently.

J. Florschultz passed through here Wednesday.

Ladies here are getting ready as well as men to exercise their right of voting next Tuesday.

The hard road question is still being agitated here; an injunction has been issued and all work has been discontinued, much to the dissatisfaction of the Pennsylvania Cornerites and those living north of the Corners for several miles, who make Dixon their trading point.

Mrs. Wm. Dusing and daughter, Mrs. Davis of Stratford were visitors at the Seyster home recently.

Mrs. Bessie Ives is at the Eichorn home in Woodstock.

George Miller and family are preparing to move to Polo the first of December.

Clarence Huffman and family were Dixon visitors recently.

School will be resumed in this school district, after a vacation of two weeks.

Mrs. Martin Dockery spent Thursday with her father, J. W. Blumfield of Dixon, who is quite ill.

## SALTS IF BACKACHE AND KIDNEYS HURT

Drink lots of water and stop eating meat for a while if your Bladder troubles you.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

## STOMACH ACTS FINE! NO INDIGESTION, GAS HEARTBURN, ACIDITY

"Pape's Diapepsin" fixes sick, sour upset stomachs in five minutes

You don't want a slow remedy when your stomach is bad—or an uncertain one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain, unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep the perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

Marshal Surprises Burglars, Shot. MOWEQUA, ILL., Nov. 4. James Stringer, night marshal at Mowequa, was shot through the hip while in the office of Mayor Clarence Hammil, in which he surprised two burglars at work.

Woman Fatally Hurt. SYCAMORE, ILL., Nov. 4. Alighting from an automobile before it had come to a stop, Mrs. W. B. Sanford fell, striking her head on the curbstone and suffering injuries from which she died.

### NACHUSA

Nachusa, Oct. 31—The Halloween social given by the young ladies of the church last Saturday evening, was a decided success in every way. The Republican Rally held at the same time, drew large crowds and after everyone was served with chicken pie, all enjoyed the political speeches of Messrs. H. Warner, H. Edwards and J. H. Byers and the male quartet, that accompanied them out from Dixon.

Friday evening Prof. G. D. Weaver of Mt. Morris, will give a chalk talk entitled "Facts and Fun" with the crayon.

Sunday morning was Harvest Home and a special service for the elderly was held. The inclement weather in the morning prevented a number from attending.

### DRINK HOT WATER

IF YOU DESIRE A ROSY COMPLEXION

Says "we can't help but look better and feel better after an inside bath."

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon rising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach, constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

### U. S. IS PROBING BIG NEGRO COLONIZATION

Department of Justice Sees Huge Vote Plot.

Washington, Nov. 4.—An official estimate that 60,000 negroes have been transported recently from the south into Ohio, Indiana, Illinois and other states was made by the department of justice in a statement declaring that a number of negroes have fraudulently registered, and that other election frauds disclosed include padding of registration lists reaching into thousands of false names in one city alone.

The statement, issued with the sanction of Attorney General Gregory, gives warning that conspiracies to intimidate voters will be prosecuted promptly. It is the department's first official announcement that actual cases of fraud have been developed by its investigators.

### ILLINOIS PRESS COMMENT

Mt. Sterling Democrat Messenger: Old tax methods must go.

Chicago Post: The absurdity of levying the same proportional tax on land, banks, savings, bonds, household furniture and mortgages needs no argument.

Quincy Herald: Modern laws regard mortgages and kindred values as differing in character from other property and tax them according to ability to bear the tax.

Tiskilwa Chief: Taxation affects every citizen directly or indirectly. Our present system penalizes thrift and industry and taxes the necessities of life, increasing their cost.

Rushville Herald: The ratification of the amendment is making the start. So impress on your mind now to vote "Yes" on it when you are marking your ballot November 7.

Mansfield Express: The State Farmers' Institute and many of the farmer county institutes throughout the state have gone on record as favoring reforms in taxation, and the question is one that can no longer be evaded.

Champaign Gazette: All elements in the voting population of the state —home owners, manufacturers, wage workers and business men—ought to join in securing the adoption of the much needed tax amendment to the constitution.

Jacksonville Journal: If endorsements from party leaders and candidates for office give influence, the pending tax amendment to the state constitution should receive favorable consideration at the general election, November 7.

St. Louis Globe Democrat: The only thing that can defeat the proposed amendment to the Illinois constitution will be the indifference of the voters. The real danger is that too many voters may fail to express themselves on the question.

Springfield News-Record: The tax system established in the days of the ox cart is not suited to the age of the steam engine and electric car. The amendment will need active support, for it requires a majority of all votes cast at the election to be adopted.

Freeport Standard: It need not be feared that the legislature will abandon any source of revenue open to it by making unjust and sweeping exemptions of personal property from taxation, for the very substantial reason that the state needs and will always need the money.

Edwardsville Intelligencer: Voters of Illinois will be asked at the November election to pass judgment on an important proposed tax amendment to the state constitution. If the amendment passes it will be possible for the general assembly to provide for special taxes on intangible property such as are now successfully used in Pennsylvania and Maryland. The amendment will affect only personal, not real property.

Decatur Herald: Farmers are just as much victims as are other classes of property owners to the vicious system of double taxation which the present law promotes. They, too, take notes for payment in property transactions and pay taxes upon the note, although the original property may have been taxed. Indeed, so many farms are being bought on the part payment plan nowadays that double taxation is especially felt by farmers.

### PENALIZING PART-PAYMENT PLAN HOME PURCHASERS

A conspicuous injustice which the Constitutional Amendment, to be voted on November 7, will make it possible to remedy, is double taxation. Discussing this fact the Quincy Journal points out that the taxation of mortgaged property and of mortgages as well as some other forms of intangible value occasions frequent complaint of "double taxation."

Most farms and most homes in Illinois today are bought on the part-payment plan—a little cash and a note, secured by mortgage, being given by the purchaser. A mortgage on land is taxable, which in effect is double taxation. Two taxable values are thus created where only one existed before. Suppose that a man sell a horse, for say \$200, and takes a note for it, the note becomes taxable. Suppose, further, that the buyer sell a horse to another man for another note, this second note becomes taxable. This same horse may be sold indefinitely on credit, creating a taxable value each time that it is sold.

Illinois—Chicago—is becoming a great money and financial center. Soon, if not already, the intangible wealth of the state will be greater than the tangible. It should bear taxes sure to be collected—and at rates that will not drive it into other states where taxes on intangibles are reasonable. Our tax laws should help, not mar, the economic growth of the state.

"The most deplorable consequence of our present tax law is the demoralizing influence of the hiatus between the written words of the law and its actual administration, which is well known and recognized both by public officials and our most highly respected citizens. This situation inevitably leads to disrespect of the law in other fields, and calls for far-reaching changes in the present system of taxation."—Illinois Special Tax Commission.

If the present law is enforced as to the tax on mortgages, it will mean a higher rate of interest when you renew your mortgage.

### BACKING UP PROOF

THE KIND THAT DIXON PEOPLE CANNOT DENY

Many an earnest Dixon man or woman has publicly endorsed Doan's Kidney Pills.

Week after week, month after month, you've read their statements. Would these Dixon people recommend any medicine if it were not good?

Would they confirm and repeat their statements after years had passed?

Local proof is good evidence. Testimony confirmed years after is better evidence.

The following Dixon man's statement leaves no room for doubt. It must convince every kindred sufferer who reads it.

If your back aches—if your kidneys are weak—profit by Mr. Walford's experience:

W. Walford, blacksmith, Peoria Ave., Dixon, says: "The kidney secretions were irregular in passage. My back ached too. I used several boxes of Doan's Kidney Pills and the pains left my back and my kidneys became regular in action." (Statement given May 21, 1912.)

### NO TROUBLE SINCE

On January 21, 1915, Mr. Walford said: "I have had no kidney trouble at all in the past few years and I give the credit of my cure to Doan's Kidney Pills."

"Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Walford has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Murder Believed Committed at Tent Gambling Joint.

Beloit, Wis., Nov. 4.—The story of a murder in a tented gambling joint four miles from town was laid bare with investigation of the finding of the corpse of an unidentified man buried in debris of the bank of the Rock river.

The body was found Thursday night, but the authorities did not get into action until Friday when it was found he had been shot and beaten to death. The trail of blood was followed to a tent, where there were evidences of a card game, and a rural gambling joint, but the former tenants had fled. The murderers left \$200 in currency and gold in his pockets.

## ATTACK STATE'S CAR ORDER

J. L. Coleman Declares Utility Body  
Acted Without Right on Carriers.SPRINGFIELD, ILL., Nov. 4.  
Representatives of the railroads of  
the state argued before the state pub-  
lic utilities commission on their mo-  
tion for the vacating of the recent or-  
der of the commission requiring the  
pro rata distribution of grain cars.James L. Coleman of the Santa Fe  
railroad, who made the principal argu-  
ment, declared the commission had no  
jurisdiction in the case, that the or-  
der violated the railroad and ware-  
house act, which provides that cars  
must be distributed, according to re-  
quirements, and that it is difficult to  
tell what are grain cars. The Farm-  
ers' Grain Dealers' association and the  
Illinois Grain Dealers' association  
opposed the motion to vacate the or-  
der.—All particular housewives use

## MORGAN AID BRINGS MESSAGE

Lend Billion to Allies Without Col-  
lateral Is Said to Be Banker's Rec-  
ommendation—Europe Threatens to  
Send U. S. Billion in Gold to Depre-  
ciate It.Chicago, Nov. 4.—Twelve bankers  
from Chicago and the middle west and  
two from New York sat down to din-  
ner at the Chicago club at what prob-  
ably was the most momentous finan-  
cial conference ever held. The aboli-  
tion or retention of the gold standard  
by three of the greatest nation of  
the world, with a possible effect of  
depreciating the yellow metal to so  
great an extent in the remainder of  
the world that it may no longer be  
possible to retain it as the standard of  
value in international commerce, is  
said to be a possibility.As the whole monetary and bank-  
ing system of the United States is  
built upon the gold standard, the west-  
ern bankers heard the message of the  
New Yorkers with the gravest con-  
cern.

## Men Bearing Ultimatum.

The two men bearing the supposed  
ultimatum of three allied nations in  
regard to the gold standard are:Henry Davison, partner in the firm  
of J. P. Morgan & Co., fiscal agents of  
England, France and Russia in the  
United States.Charles H. Sabin, president of the  
Guaranty Trust company of New York,  
one of the largest institutions of its  
kind in the world, if not the largest,  
and deeply interested in American and  
foreign finance.And their ultimatum, according to  
well-founded reports, is:Lend the allied nations \$1,000,000,  
000 and lend it without security, or  
England, France and Russia will form  
a pool, ship us a billion dollars in gold  
to pay for supplies purchased here  
and then abolish the gold standard in  
these three countries, leaving the  
United States to face the possibility  
of a bimetallic standard on a parity to  
be established.

## Must Extend Credits.

Mr. Davison and Mr. Sabin gave out  
guarded interviews, in which the for-  
mer intimated that if the United  
States continues to do business abroad  
it must extend credits, and that unse-  
cured loans to the allies probably  
would be put out. Shortly after this  
interview was given out, one of the  
largest financial institutions in Chicago  
received the following message from a  
confidential agent in New  
York, under the caption "Gold Stan-  
dard Jeopardized:""Information from reliable sources  
states that the future of the gold  
standard depends upon the attitude of  
the bankers of the United States in  
regard to the next British loan. The  
amount needed will be \$1,000,000,000. If  
the loan is not obtainable with col-  
lateral England is prepared to form a  
pool with Russia and France to send  
\$1,000,000,000 in gold. The latter coun-  
tries have hesitated because their note  
circulation is based on their gold re-  
serve. It is now agreed to form a new  
pool for sending gold here if England  
will agree to demonetize gold. This is,  
indeed, a serious situation for the  
United States, demanding quick action."

## Sees Peril in Gold Imports.

Mr. Davison and Mr. Sabin would  
not commit themselves on this pro-  
position though Mr. Davison did say  
the continued importation of gold con-  
stituted a serious menace to the  
United States.New York Bankers Discredit Tale.  
New York, Nov. 4.—The most im-  
portant bankers in this city depre-  
cated the idea that England, France  
and Russia will join in sending \$1,000,  
000,000 in gold should they fail in ob-  
taining a \$1,000,000,000 unsecured loan  
in this country. That England or its  
allies contemplate the abolition of the  
gold standard in order to release gold,  
is preposterous, "fantastic and without  
foundation," according to these men.It was admitted, however, that the  
next important loan in this country  
will likely be unsecured, but that it  
will total anywhere near \$1,000,000,000  
was scouted as ridiculous. As Britain  
has just realized \$300,000,000 here  
from the three and the five year 5 1/2  
per cent loan, none of the bankers in-  
terviewed would hazard a guess as to  
the talked-of unsecured flotation would  
be made. One very important interna-  
tional banker said there will be "no  
hurry about it."

## SLEEPING WATCHMAN QUILTS

Two Big Robberies Within Few Days  
Too Much For Him.Joliet, Ill., Nov. 4.—Dominick Querio,  
night policeman, who slept through  
the dynamiting of the Odell and com-  
pany bank at Braidwood has resigned.  
Querio refused to take any more  
chances, city officials said. A few days  
ago an escaped convict robbed several  
stores in the city. Then came the bank  
bandits. Querio quit.
